Dear Mr. Morelock,

After owning my own management company now for almost 26 years I have decided to retire. I have worked with hundreds of vendors and contractors over the years and have found you and your company to be one of the very few who have met and exceeded my expectations. We work in the "construction" Industry and when doing commercial work it is not a question of, if something will go wrong with a job but rather when. It has been in those times when you have really impressed me with your willingness to do whatever it takes to do the job right. The quality of your companies work in concrete, restoration, decorative, stucco, painting and more has been outstanding and it has been a pleasure working with you. I hope this recommendation letter helps to replace the work I have been giving you. It is sad though that after all those years I am only writing three of these letters. I wish you much success.

Sincerely,

Adam B.
