

## Innovative Community Management Solutions, Inc

I have had Concrete Painting and Restoration do several jobs for me over the past few years. Every project has been done professionally and the board members and I have all been happy. They painted and repaired a very long concrete/stucco faced perimeter wall and painted townhome units in another community. The company was very easy to work with, honest, and willing to work with everyone. They have the capacity to do larger scale jobs. CPR is a really great vendor. I highly recommend them.
