To Whom It May Concern,

I have managed the Island House Beach Resort on Siesta Key Beach for over eleven years. In addition to our forty villas we have four midrise condominium buildings which were recently weather proofed and painted by the CPR company. They also did additional concrete work throughout the property.

Their workmanship was outstanding and efficient, they cleaned up after themselves daily, they were very safety conscious as well as cost competitive.

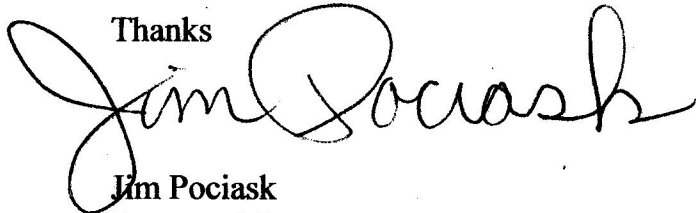

CPR impressed me with their willingness to do what ever it took to do the job correctly.

I would strongly recommend the CPR company for any work you might be considering.

It has been a pleasure working with them and I am a very satisfied customer. I highly recommend CPR.

Thanks

Jim Pociask
Property Manager
