Re: Letter of Reference.

To Whom It May Concern.

I am the Property Manager at Versant Place Apartments and have been here since 2007; the property however is 12 years old now.

I had wanted to replace the original entry tile to our Leasing Office for many years but did not know what to do with it.

I was recommended that I contact CPR by the builder of this property.

I had the pleasure of dealing with CPR's, sales rep.

He immediately came out and looked at what we had and showed me what we could do.

He bought samples, he sent different samples via e-mail, and I changed my mind many times. He was very patient coming out to the property on numerous occasions to help me make a decision.

Finally I made the decision to have the concrete polishing in a flagstone pattern and it looks fantastic.

They were very efficient, they cleaned up behind them, very safety conscious, very professional, very competitive price wise. CPR kept their word in every way.

I get so many compliments on the effect and finish. It is so easy to take care of.

I am a very satisfied customer and would highly recommend CPR.

Any questions, please feel free to contact me.
