To Whom It May Concern:

Mediterranean Manors Association is comprised of 11 Individual Associations and a Master Association. In the course of several years CPR has performed multiple projects on all properties.

We have found that CPR has always been competitive, attentive to details and their staff has always been professional. The sales staff has proven to be very knowledgeable for multiple products and has always made themselves available when required.

CPR has performed replacement of siding, painting, concrete repairs to walkways and walls, as well as stucco replacement. We will continue to call on CPR for bidding on any future projects.

Yours truly,

ON BEHALF OF THE BOARD OF GOVERNORS
