

April 4, 2014

Please accept this letter as my personal and professional endorsement of Concrete Painting & Restoration, LLC as an outstanding business partner to Sentry Management, Inc.

Since my earliest meeting with CPR, I have found their company to be fair, courteous and professional in every aspect. Their staff is well-educated and experienced, helping our associations make the most intelligent decision at the lowest possible costs regarding our properties. The quotes received are detailed and competitive and the communication during the projects are excellent. They have consistently provided quality work for our associations.

I recommend CPR unreservedly for all of your painting and concrete needs.

Sincerely,
Nicole Bennetsen
Community Association Manager
