

# Edgewater Cove Condominium Association

Heartfelt thanks to your company for such a great job (and neat job) of painting our condo complex and garages. The unit owners are very happy that it turned out so well.

Many thanks to your painting crew for everything that they did here on Edgewater Cove 1: we applaud their expertise and efforts to make us look beautiful once again!

Thanks also to the poly-pebble crew and concrete guy who went beyond the call of duty to repair and seal those landings and cracked walls.

And lastly, a thank you to the Behr's Paint representative for suggesting to put a mastic paint sealer on the water side of the building: that was a great idea.
